

24V POWER SUPPLY

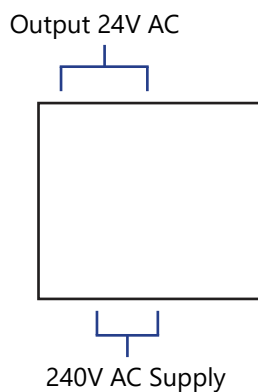

240AC/24AC/12VA FEATURES

- Low cost
- Incorporated fuse protection
- 12VA/0.5amp rated at 240V max

Titan Products provide a low cost power supply modules used to provide 24V AC for low voltage control applications.

The 12VA power supply incorporates fuse protection via a self resetting fuse.

CONNECTIONS

SPECIFICATION

Input:	240V AC
Output:	24V AC
Power Output:	12VA/0.5amp rated at 240V max
LED Indication:	Yes
Operating Temperature:	0 to 50°C
Terminals:	1.0mm recommended 2.5mm max
Dimensions:	92mm high, 53mm wide, 58mm deep
Country of Origin:	UK
Product Code:	240AC/24AC/12VA
