

# Power Supply: AC to DC Converter

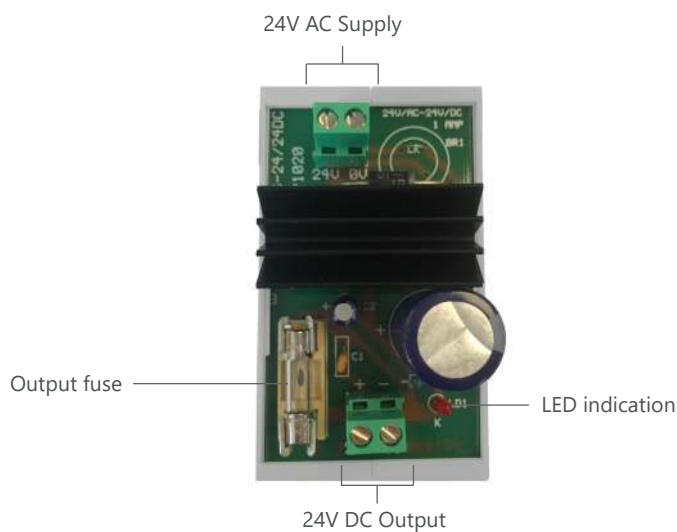

The Titan Products AC to DC converter is a low cost DIN rail mounted power supply to provide a regulated 24 Volt DC supply from 24 Volt AC input.

There are two versions available. The T24AC/DC/FC providing full wave rectification for use with floating supplies and the T24AC/DC/CG for use with common ground applications.

## Specification

Input:	24V AC
Output:	24V DC
Power Output:	1.0 Amp Floating Supplies 0.5 Amp Common Ground
LED Indication:	Power On LED
Operating Temperature:	-10 to 40°C
Operating Humidity:	5-80% non-condensing
Terminals:	1.0mm recommended 2.5mm max
Mounting:	DIN Rail
Country of Origin:	UK
Product Codes:	T24AC/DC/CG T24AC/DC/FC
