4" TOUCHSCREEN USER INTERFACE

The TP-UI-TS-4 zonal touch screen combines modern aesthetics, high performance, and excellent user experience to provide a networkable user interface for comfort control adjustment when used alongside the Titan fan coil and underfloor heating controllers.

TP-UI-TS-4 FEATURES

- Up to 2 zones of control + towel rail adjustment
- 4" capacitive touch screen
- 2 x on-board sensor inputs
- IP based communications
- Proximity and ambient light level sensors for optimum screen display

SPECIFICATION

Operating system:	Android
Display:	4" capacitive touch
Power supply:	24VDC or POE
Communications:	TCPIP
Sensor inputs:	2 x 10K3A1
Operating temperature:	5-50°C
Operating humidity:	10-80% RH non-condensing
Mounting:	Single gang back box (Mounting bracket supplied)
IP rating:	IP20
Dimensions:	86 x 86 x 38mm
Part Code:	TP-UI-TS-4

Draft product datasheet – final product may vary.
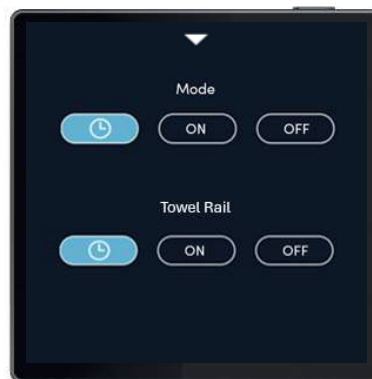

INTERFACES

Zone 1 set point adjust & indication

Zone 1 fan / mode adjustment

Zone 2 (heat only) set point adjust & indication

Zone 2 mode adjustment & towel rail (if configured)

CONNECTIONS

Comms / POE

Supply (if not using POE) 24VDC/0V

Sensor Common
Sensor 2 (10K3A1)
Sensor 1 (10K3A1)

Draft product datasheet – final product may vary.
